SUMMARY

Enthusiastic and quick-learning Computer Science graduate with solid programming skills in Python, along with practical experience using SQL and Excel for data handling. Strong understanding of core software development concepts and the ability to learn new technologies quickly. Seeking an entry-level software development role to contribute to innovative projects while building on technical and collaborative skills.

PROJECT'S

1. Customer Churn Prediction | [[PROJECT LINK](#)]

- Analysed telecom data to predict customer retention trends, enabling data-driven business decisions.
 - Collaborated with peers to pre-process datasets, identify key churn drivers, and present actionable insights.
 - Utilized Excel for data cleaning and visualization, reducing analysis time by 20%.
 - Built and deployed a React-based dashboard to streamline reporting for stakeholders.
- Tools: Python, Excel, React, JavaScript

2. Fire Detection Alarm System | [[PROJECT LINK](#)]

- Developed a real-time alert system using Python and OpenCV to improve safety response workflows.
 - Coordinated end-to-end deployment, including documentation and user training for seamless adoption.
 - Designed an intuitive React interface to simplify complex technical processes for end-users.
- Tools: Python, React, JavaScript, HTML/CSS

EDUCATION

Master of Computer Application (M.C.A)
Osmania University
Hyderabad, India.

2021-2023

Bachelor of Science (B.Sc)
Osmania University
Hyderabad, India.

2017-2020

SKILLS

JavaScript, HTML5, CSS3, React, Bootstrap, SQL, Responsive Web Design, Microsoft Excel, Python, Pandas, Data Analysis, Data Visualization, Data Interpretation, Data Modeling, Data Cleaning, Software Engineering, Operating Systems, System Administration, Version Control, Excellent Communication, Attention to Detail, Analytical & Problem-Solving Skills, Git, GitHub

LICENSES& CERTIFICATIONS

- NPTEL - Python for Data Science. [IIT Madras](#)
- Responsive Web Design. [FreeCodeCamp](#)
- JavaScript Algorithms and Data Structures. [FreeCodeCamp](#)
- Namaste JavaScript. [NamasteDev](#)
- Deloitte Data Analytics Job Simulation [Deloitte](#)
